

# Amy Kate Farrow

Front-end Web/Mobile Development

## Objective

Desire to utilize my vast knowledge of front-end responsive development in a creative and challenging team-centric environment.

## Experience

**Corporate Reports**, Atlanta, GA September 2014 - Current  
Front-end Developer

**Swarm Agency**, Atlanta, GA January 2013 - September 2014  
Front-end Developer

- Develop web sites using the latest technology.
- Utilize content management systems (Joomla and Umbraco) to develop easily maintainable sites.
- Also familiar with Magento, Wordpress and Drupal sites.
- Create pixel-perfect sites from approved PSDs.
- Use SVN and TFS to back up projects and allow multiple developers to work simultaneously on one project.
- Work in a team-centric environment with close collaboration between departments.

**ARS Advertising**, Chattanooga, TN March 2009 - November 2010  
Assistant Project Manager

- Updated and maintained database for several large retailers' websites.
- Created templates to expedite updating of database for department use.
- Expanded templates for use company-wide.
- Trained employees on use of new templates.
